

Since 1995 you can find us in our new building in Heusden-Zolder, close to the traffic switcher of Lummen. To make the traffic go more smoothly on this cloverleaf, the public transport can take the separated entry or exit “26bis Industriezone Zolder-Lummen” on the E313 since december 2007.

Attention: not all GPS-appliances know already the Boterbosstraat or the new exit “26bis”.
